EXPERTISE

- Landscape & resource enhancement**
Ecology, biodiversity & management of natural areas
Technical, regulatory & scientific files
- Project management, planning & site supervision**
Technicality/ Budget/ Legislation/ Leadership
- Scientific & naturalist knowledge**
Monitoring, synthesis & exploitation of scientific data
- Development & coordination of a network of key players**
Implementation of actions/Management plan
- Adaptability, flexibility & responsiveness**
Proactive work in the design office and in the field

TOOLS

- Languages**
French: Native
English: Fluent & Scientific B2 / Spanish: A2
- Softwares**
Office Pack/ Adobe suite/ AutoCAD/ VectorWorks/ Sketchup
SIG (QGIS)
- Mobility**
Driving license/ Driving tractors and construction machinery

HOBBIES & VOLONTEERING

- Naturalists' associations - LPO - Natagora - SNPN**
Environmental problems awareness campaigns, public events
animation & Natural inventories: Avifauna, Mammals
- Sports, Hobbies & Travels**
Hiking & Trail running / Horse riding / Sailing & Diving / Skiing
Travelling & discovering cultures/ Beekeeping/ Reading

PROFESSIONAL EXPERIENCES

- 2019-2020 Ecologist - Biotope Nantes - A. DELAMARRE - adelamarre@biotope.fr / +33 (0)627 67 49 15**
1 year
Impact studies, FF components, Initial states, Definition & monitoring of ARO measures
- 2018 Project Manager - Durand Paysage - JP DURAND - jpdurand@durand-paysage.fr / +33 (0)672 81 11 58**
4 months
Territorial studies & Landscape analyses
- 2017-2018 Ecoguide and Nature Reserve management assistant - Monts d'Azur Biological Reserve - Naturalist workcamps - SNPN / RNNC - P. VANDEWALLE - philippe.vandewalle@espaces-naturels.fr**
5 months
Development assistance & Implementation of reserve management programmes in the field
Scientific monitoring and management of fauna and flora groups
Nature Guide & Field Missions
- 2014-2017 Engineer & Project Manager - BlueSET - A. ALARY - arnaud.alary@blue-set.com / +33 (0)633 57 63 51**
3 years
Project monitoring, field work inspection & site supervision
Technical design of effluent treatment plants by phyto-purification
Regulatory technical files & grant applications (Water Agency, Administrations, ...)
Creation of working protocols & management tools // Collective work & team management
- 2014 Landscape Architect - Jardin Gecko - JJ DERBOUX - contactgecko@orange.fr / +33 (0)467 59 61 40**
6 months
AMO for the design of didactic school spaces through participatory workshops with pupils
- 2011-2014 Garden and landscape architect - Création Jardin / Loup&Co / Gilles CLÉMENT - coloc -**
1 year
On-site studies and surveys & Graphic/ technical design of land development projects
Assistance to project management
(competitions, festivals, public consultations, participatory citizen workshops)

SKILLS

ARO procedure
Derogation file
Impact assessment
Ecology
Landscape Issues

Natural habitats
Birdwatching
Scientific monitoring & census
Ethology

Phytodepuration
Hydrobiology
Ecological engineering
Pedology

Phytosociology
Agroforestry

Landscaping
Botany
Urban planning
Building tech.

Env. law
Forestry

Plant composition
Geology
Construction site supervision

EDUCATION

- 2020 M2 IEGB - Montpellier University - O. THALER - jacques-olivier.thaler@umontpellier.fr / +33 (0)643 65 02 89**
1 year
Master's degree 2 Engineering in Ecology and Biodiversity Management work-linked training
- 2014 M2 Landscape Design - AgroBioTech University, Belgique & Montréal University, Canada -**
6 years
Master's degree 2 Landscape design Great Distinction
Dissertations "Wasteland, a symbol of societal evolution" & "For a water-efficient garden"
