

Revolutionizing Public Transport in Africa  
October 2022

## The Problem

Commuters hustle to get timely, convenient, and safe public transportation to suit their travel needs.

**Current Hacks**

**Private Cars**

**Ride Hailing**

## The Solution

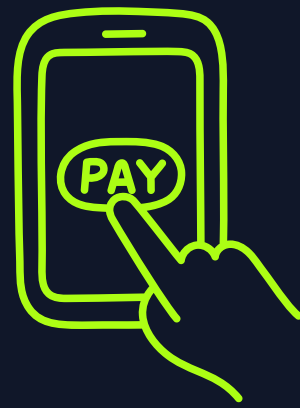

Trober is a ridesharing platform that allows you to book and pay for convenient and timely bus rides by connecting commuters traveling the same route with independent bus service providers.

# Value Proposition

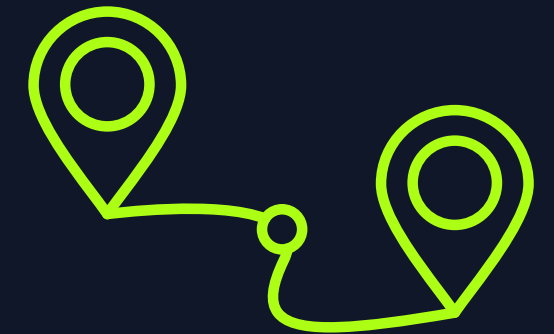

**Timely rides**

**Digital Payment**

**Bus Tracking**

**Smart Routing**

# Segments

## Businesses

Make commuting less of a concern for your employees.

## Schools

Get a safe bus service to transport your students with ease.

## Events

Have zero stress arranging transportation for special occasions.

## Churches

Provide your church members with a timely and reliable transportation.

# Partnerships

**Investors**

**Vehicle Owners**

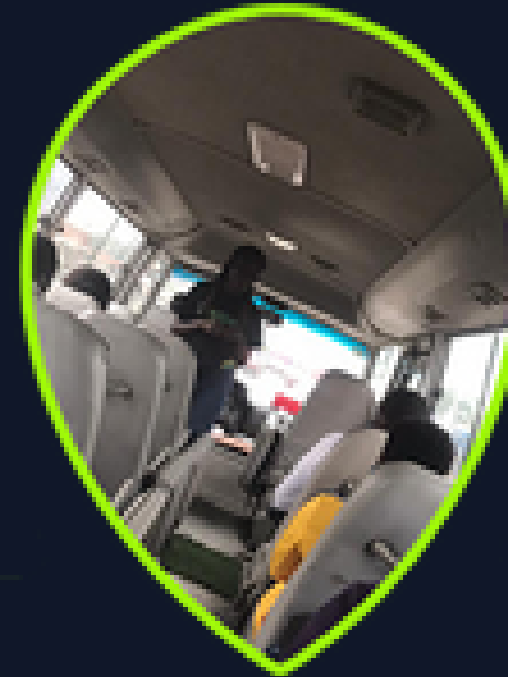

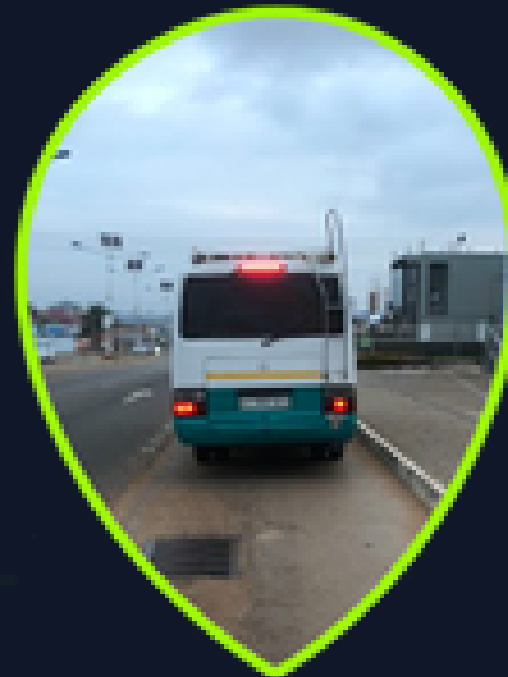

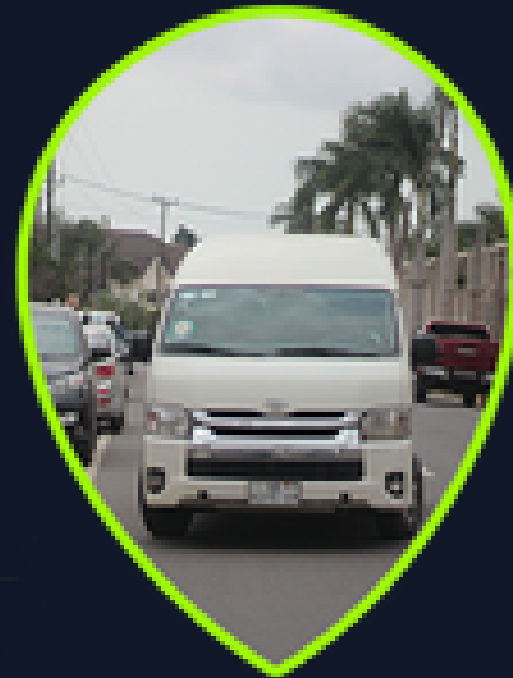

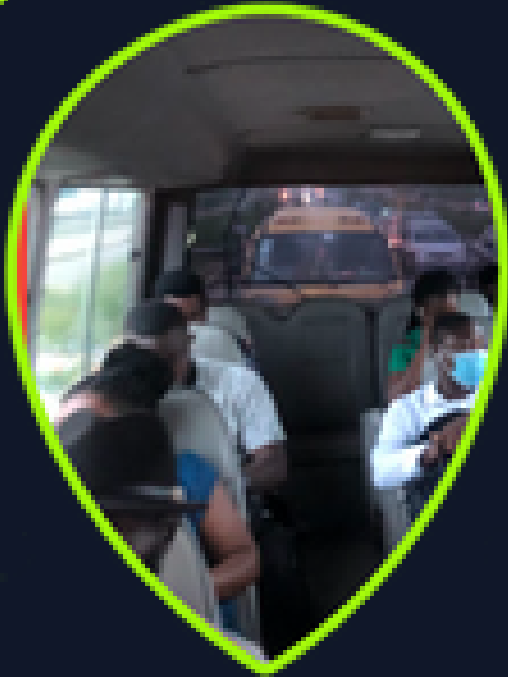

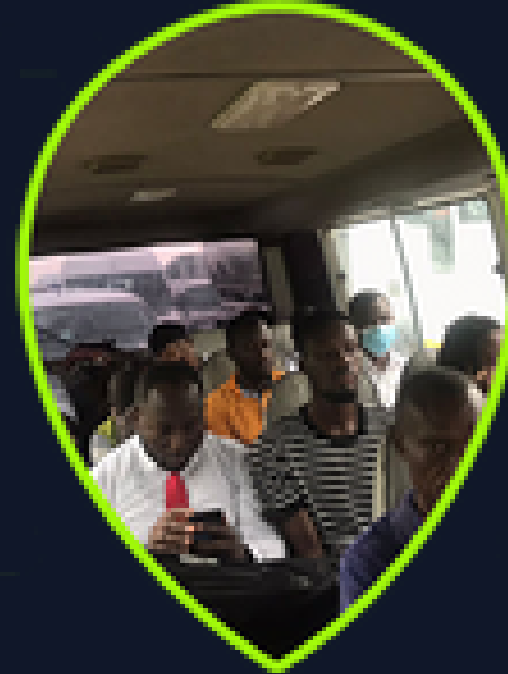

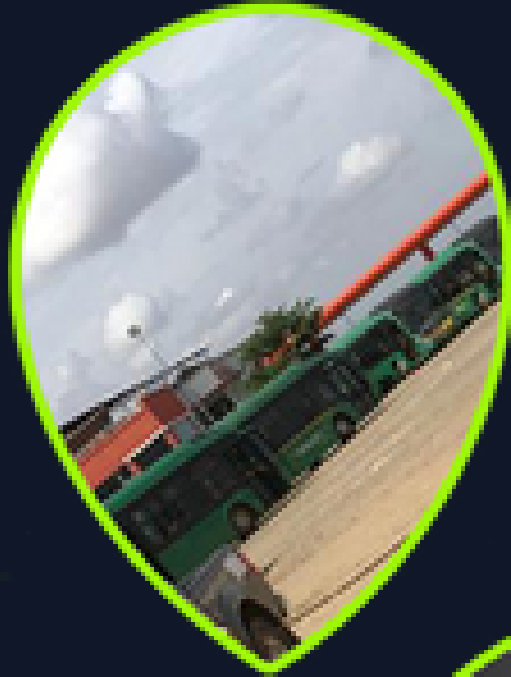

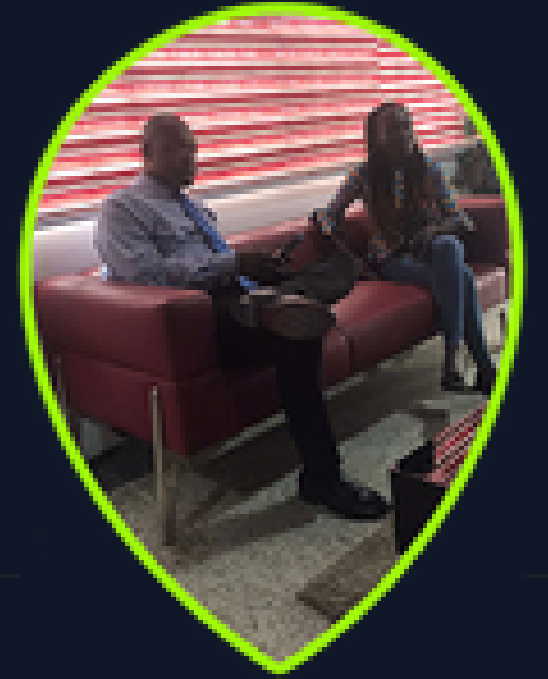

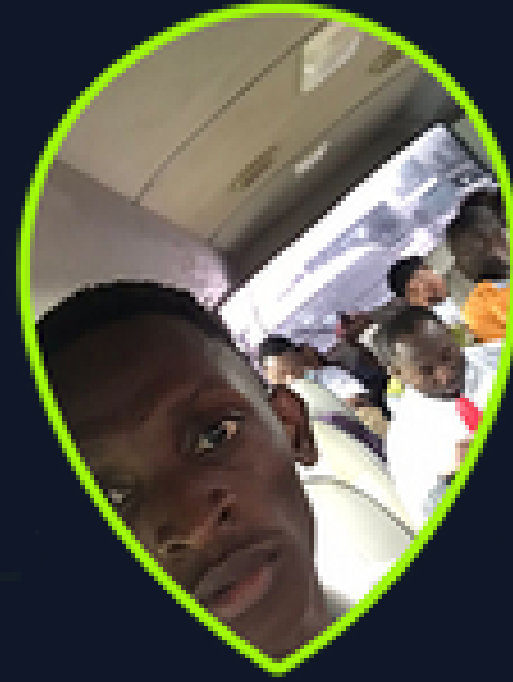

**Fleet Managers**

**Businesses**
